

OPERATING INSTRUCTIONS

MOVEMENT 1064 AND MOVEMENT 1069

To set the time:

- ➊ Pull the crown out to position II. (Watch stops)
(setting the time to the exact second)
- ➋ Turn the crown until the current time is displayed
- ➌ Push the crown back into position I.

Note:

To set the time to the “exact second”, ➊ has to be pulled out when the second hand reaches position “60”. Once the hour and minute hand have been set, ➌ has to be pushed back to position I at the “exact second”.
